

# Yale University Library

IPLC Discovery Days 2022

Suzanne Lovejoy, Co-Chair, Unified Discovery Advisory Group  
Angela Sidman, Director of E-Resources & Serials Management

# Quicksearch Discovery Layer Changes

Yale University Library

# Overview

- Incorporate finding aid metadata from Archives at Yale (ArchivesSpace) into Quicksearch (Blacklight)
- A changed look and feel of the results
  - Emphasis on formats in initial results display
  - Stylistic redesign to conform with new library website
- User Studies and Google Analytics inform the process
- Upgrading Blacklight software to release 7.19
  - Also updates to Bootstrap 4 and Ruby 2.7.5
- Completing Solr 7.1 upgrade
  - Truncation & wildcard symbols, hyphenated terms, and improve relevancy
- Deployment: early August

Yale libraries are open to current faculty, students, and staff. View [COVID-19 library updates](#).

Created London  
T. Tegg

CLICKS RECORDED 2,512

HOT  
COLD

- HotJar heat maps clicks
- Significant engagement with the search box.
- Some engagement with first Titles listed in search results page of Books+ and Articles+
- Negligible engagement with Digital collections
- Lots of clicks on online content

- Heat map shows scroll patterns of users.
- Users scroll farther down on this page than on other pages tracked (such as Yale Library homepage).
- Most users do not scroll past the Digital Collections area.

The screenshot shows the Yale University Library Quicksearch interface. At the top, there are navigation links for 'SAVED LISTS', 'QUICKSEARCH LOGIN', 'ASK YALE LIBRARY', and 'MY LIBRARY ACCOUNTS'. The search bar contains 'world war i' and has a search icon and a 'Search Help' link. Below the search bar, there are tabs for 'ALL RESULTS', 'BOOKS+', 'DATABASES', 'ARCHIVES OR MANUSCRIPTS', 'ARTICLES+', 'DIGITAL COLLECTIONS', and 'NEW ARRIVALS'. The main content area is titled 'Top Results for "world war i"' and includes a 'JUMP TO SECTION ON THIS PAGE' section with links for 'Books', 'Journal & Magazine Articles', 'Dissertations & Theses', 'Archives or Manuscripts', 'Video & Film', and 'Audio'. Below this, there are two columns of results. The left column is titled 'TOP ONLINE RESULTS' and lists 'Newspaper Articles > 30,458,222 results', 'Journal & Magazine Articles > 4,397,997 results', and 'Dissertations & Theses > 456,408 results'. The right column is titled 'Journal & Magazine Articles' and shows '4,562,869 results'. The results are organized into three data blocks: 'Books' (521,265 results) and 'Journal & Magazine Articles' (4,562,869 results). The first block shows 'World War I' by Shermer, David R., published in London, Octopus Books, 1973. The second block shows 'World War I' published in New York, Pyramid Books, 1964. The third block shows 'World War I: the African front' by Paice, Edward, published in New York, Pegasus Books, 2008. The 'Journal & Magazine Articles' block shows 'Anesthesia and World War II: When the Battlefield Becomes a Research Field - A Bibliometric Analysis of the Influence of World War II on the Development of Anesthesiology' by Jakus, Lien, Reding, Raymond, and Veyckemans, Francis, published in Anesthesia and analgesia, 1/1/2022, ISSN: 0003-2999, Volume 134, Issue 1, p. 216. The fourth block shows 'World War II, the Baby Boom, and Employment: County-Level Evidence' by Brodeur, Abel and Kattan, Lamis, published in Journal of labor economics, 4/1/2022, ISSN: 0734-306X.

# Quicksearch Quilt Results

- Conceptual shift from blocks of data sources (Books+, Articles+) to blocks of format types
- Top Online Results (3 most numerous)
- 13 formats
- 6 data blocks
- 1 data source per format:
  - Books+ (8)
  - Articles+ (3)
  - Archives or Manuscripts (1)
  - Digital Collections (1)
- Data Sources now under search box
- Hover text over format icons

# New Archives or Manuscripts Search

- Archives at Yale/ArchivesSpace (finding aid database) collection records and component object records
  - Mapped from AS to metadata cloud to Quicksearch
  - Result list shows breadcrumb links to collections, series, subseries
- Books+ records for archival collections & single manuscripts
  - Orbis (Voyager) & Morris (III) catalogs, HathiTrust (public domain records)
- De-duplication of collection-level records from both sources
  - Preference given to ArchivesSpace records
- Full record opens either in Books+ (catalogs) or Archives at Yale native interface

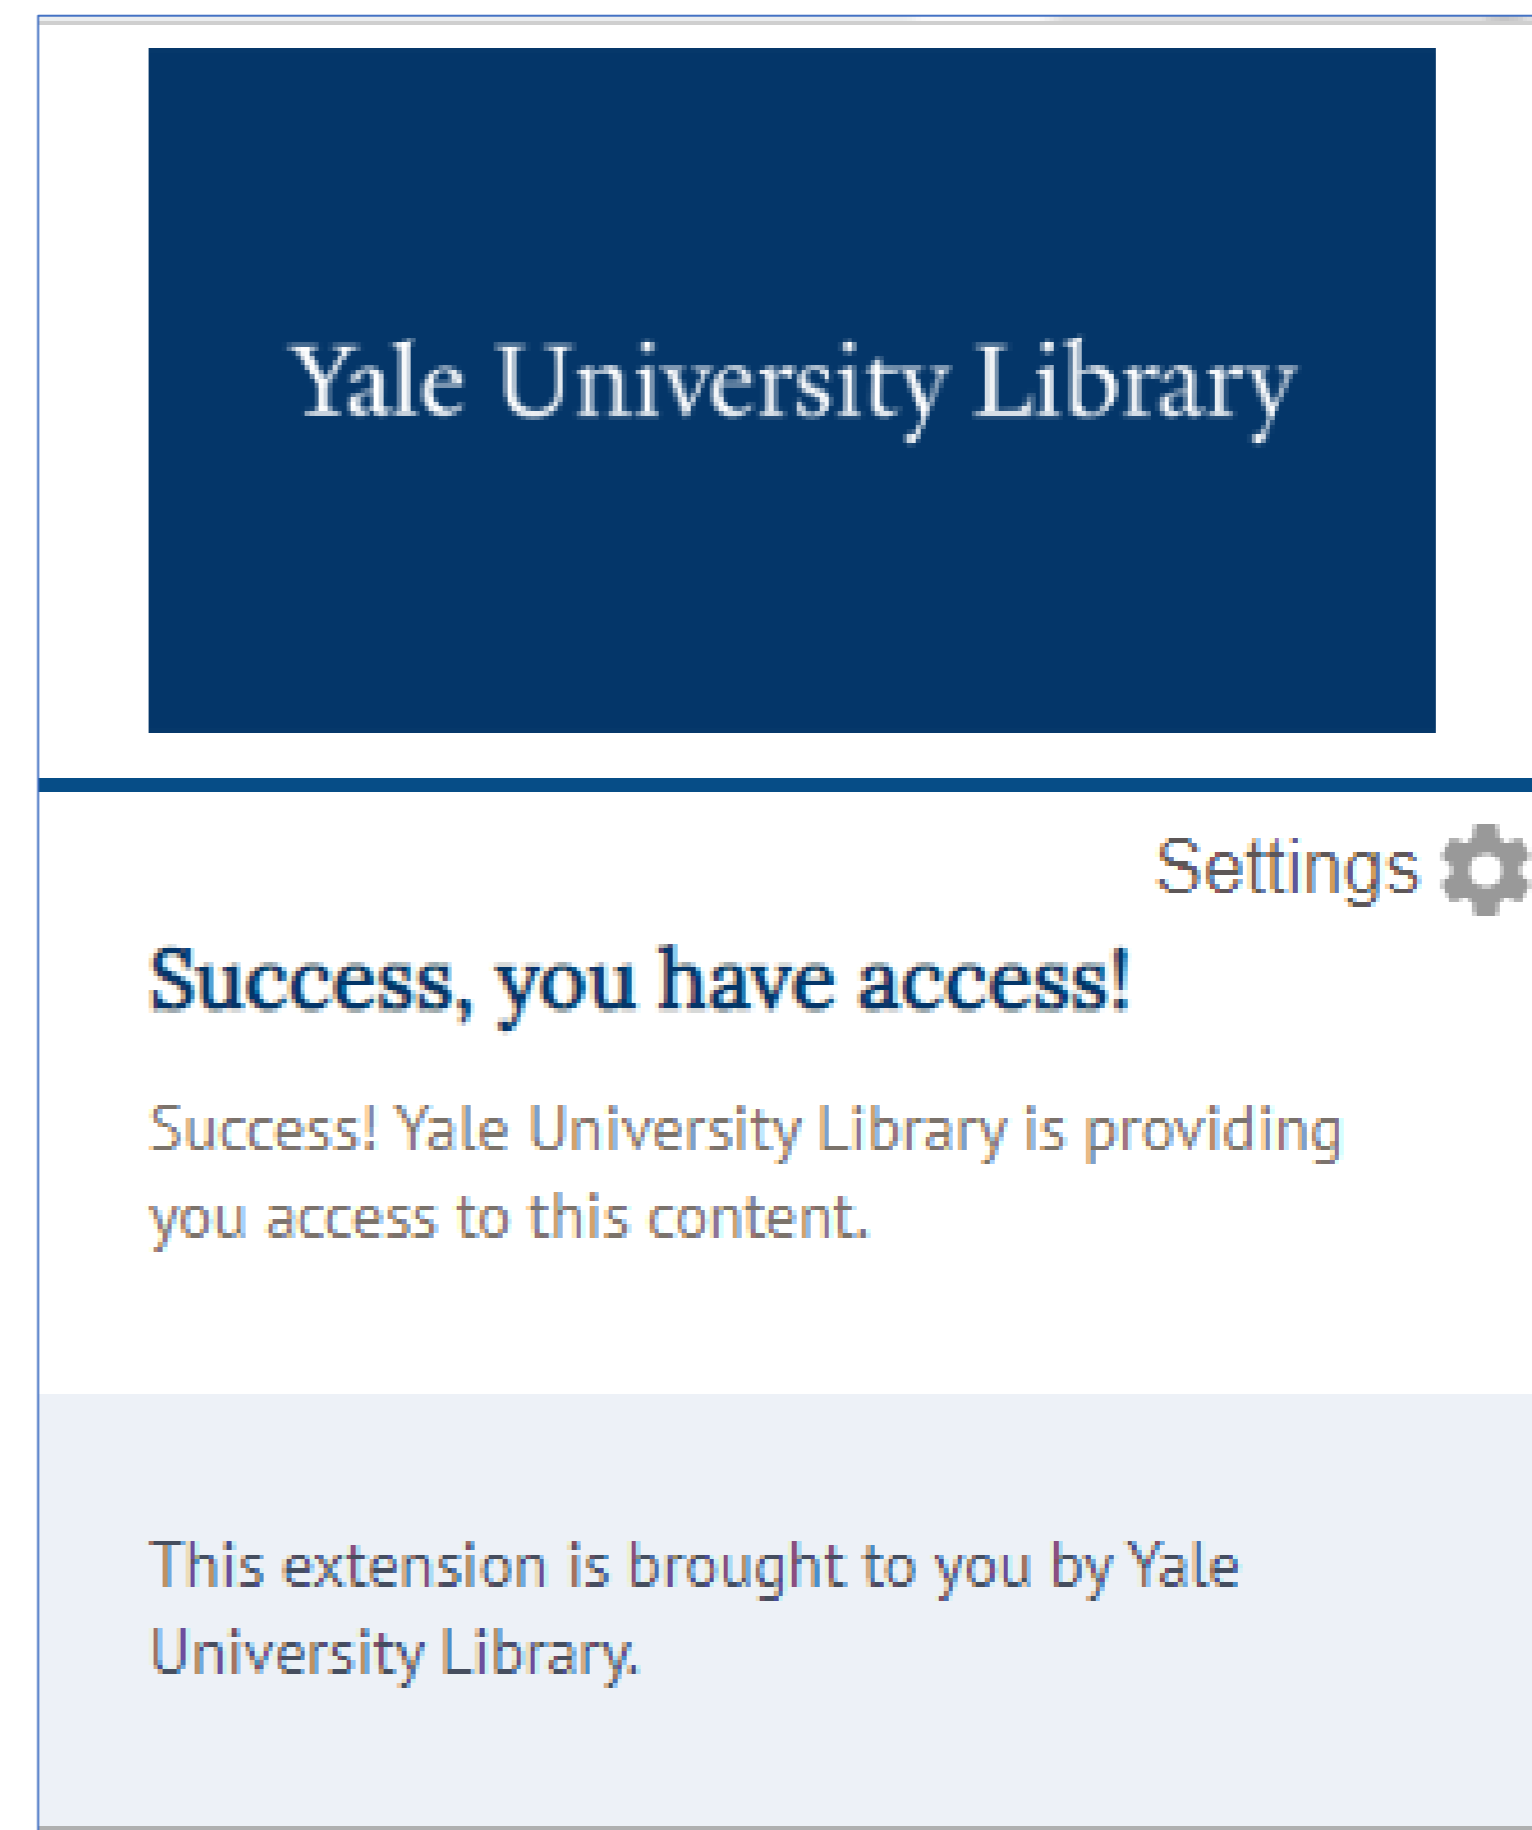

# Other Discovery Activities

Yale University Library

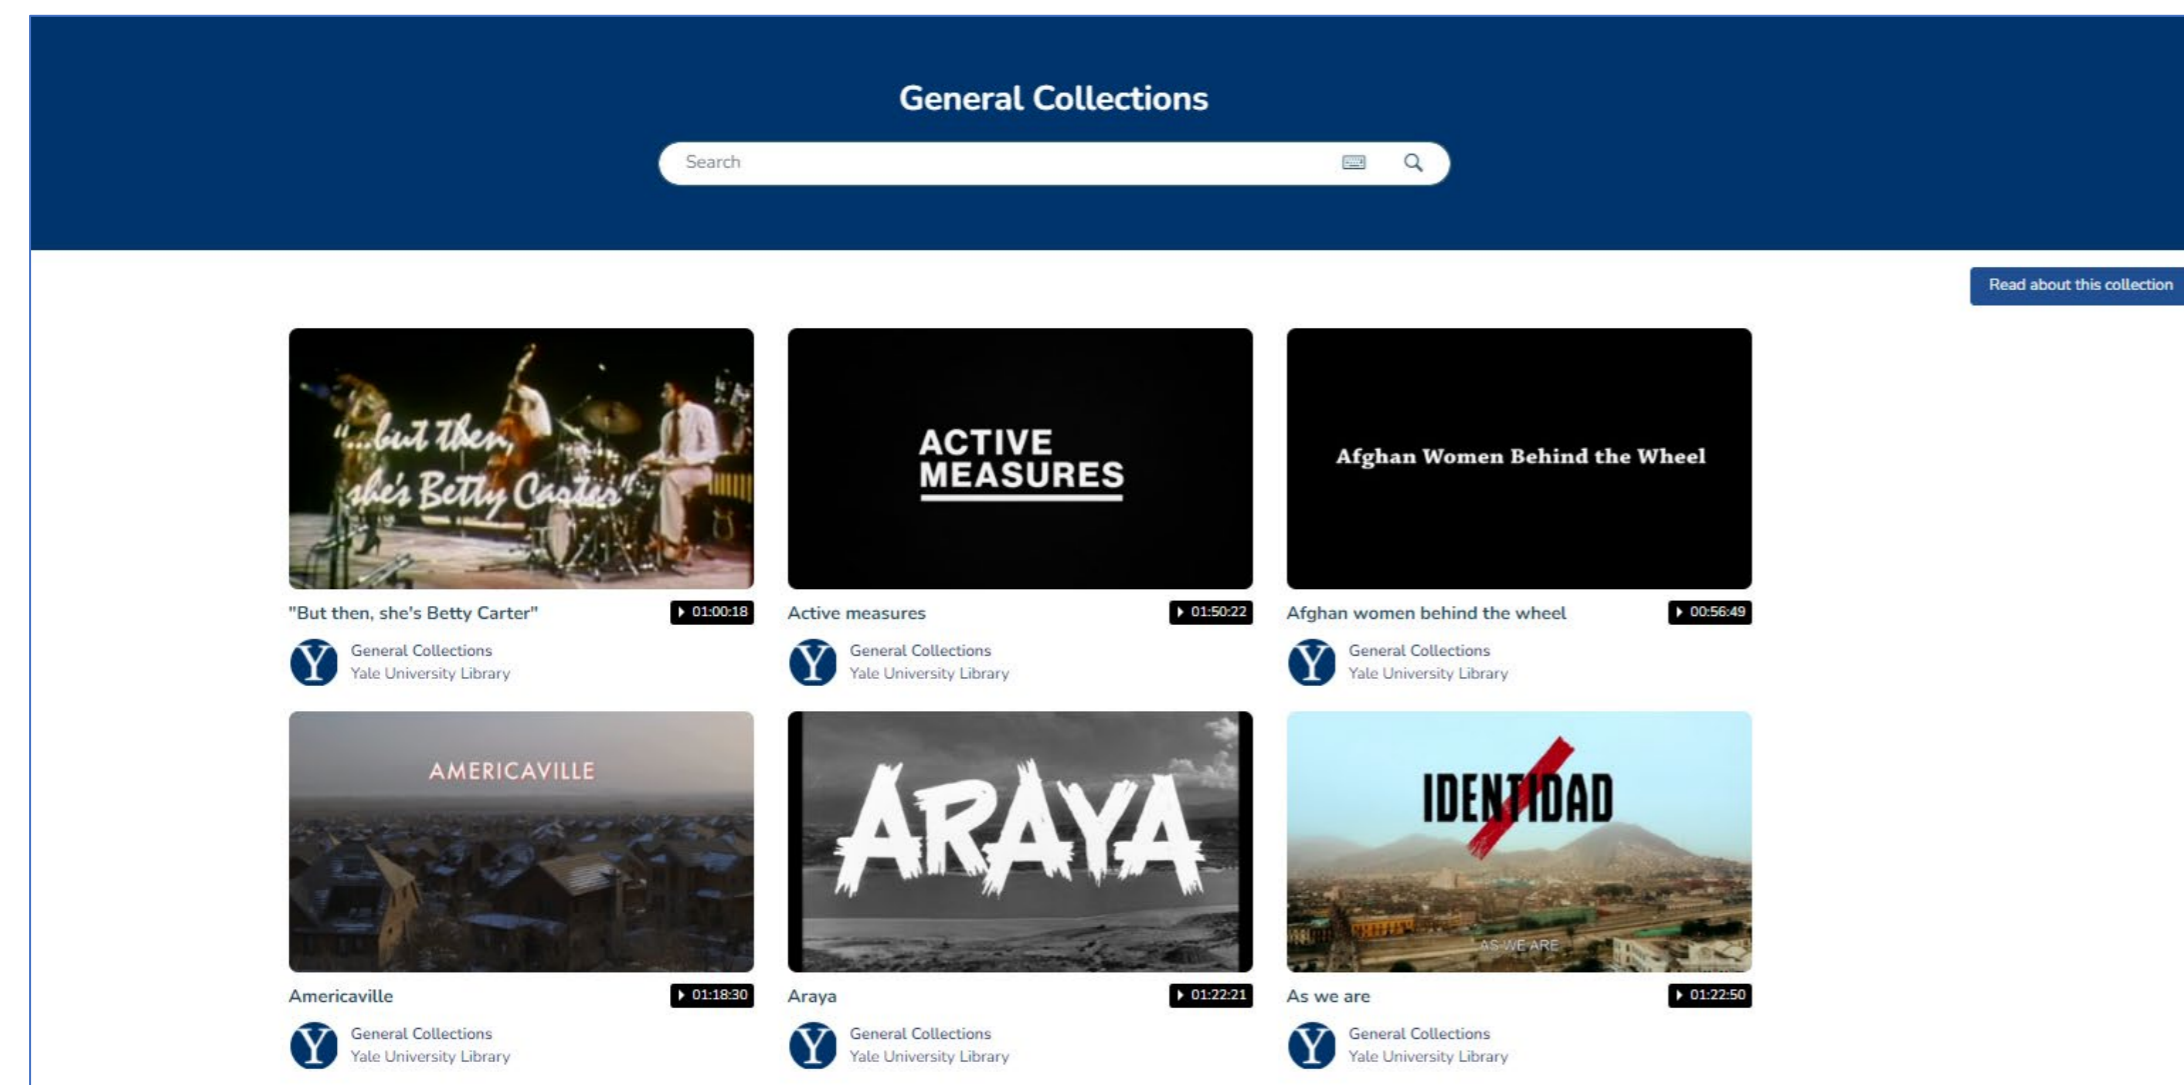

# E-Resource access: Lean Library

- Expands on 2020 EZproxy implementation
- Audience = graduate students, faculty, and staff who work remotely but do not regularly use VPN
- Fall 2021 pilot
- Spring 2022 transition to production

# E-Resource access: Aviary

- Developed in partnership with the Fortunoff Video Archive for Holocaust Testimonies
- Adopted by other Special Collections groups across Yale Library
- Implemented for Music Reserves
- Implemented for General Collections in spring 2022

# Digital Collection Systems (DCS)

- Migrating all content from Findit to DCS
- Integration with Preservica
  - Allows for content in YUL's digital preservation system to be pulled directly into DCS
  - Mirrors functionality already available in Aviary
- Display of archival context for objects described in ArchivesSpace
  - Allows for hierarchical context from our finding aids to display in DCS
  - <https://collections.library.yale.edu/catalog/32231741>
- Automated linking with catalog systems
  - DCS can now automatically create and maintain links to objects in DCS in ArchivesSpace
  - Working on the same in Voyager soon

# Lux: Yale Collections Discovery

- Creating a single platform to explore Yale's cultural heritage collections
  - Museums and library
  - Physical and digital collections
- Expected to launch Spring 2023
- <https://lux.collections.yale.edu/>
